It-komputra (2021) React

## Zagolovec Valentin

### FRONTEND DEVELOPER

#### SKILLS

HTML5

CSS3

JavaScript

React

Redux

SASS

Git

Figma

#### ABOUT ME

Hi! My name is Valentin and I am a junior front-end developer. I recently began to be fascinated of web-programming and building web-sites, so I have attended and successfully completed courses at IT Step Academy, Rolling Scopes School, ITVDN. At the moment, I work as a bartender, but I'm keen to start my experience in IT-world.
